

AGILE COACHING

DESCRIPTION

The course certification focuses primarily on the mindset, roles and responsibilities of an Agile Coach. After certification, the attendee will be able to differentiate between and among mentoring, facilitating, consulting, teaching and coaching. They will also gain the skills needed to create a safe environment for meaningful collaboration and healthy conflict resolution within an Agile team.

This certification introduces participants to team development concepts around starting and growing teams, while paying particular attention to team dynamics and the surrounding organisational system.

A key part of this certification focuses on developing an understanding of the Professional Coaching skillset and the value of honing these skills to serve individuals on an Agile team.
